**Subject:** for your review: SETAC abstract on TIM/MCnest/HEXSIM project  
TIM.MCnest.HexSim.Abstract.SETAC.DOCX

Anita and Sujatha,

As you know, the deadline for abstract submission for the SETAC NA meeting is next week. Matt Etterson from ORD would like to present on the TIM/MCnest/HEXSIM project that involves integration of the models and an application for the CA gnatcatcher (a listed bird). The attached abstract was drafted by Matt, who is the lead on this project. This abstract is going through ORD review.

As the team includes several folks from EFED, I wanted to send this abstract to you as well. Please let me know if you have any comments.

Thanks,

Kris
